Maison Gerard

Specialists in collectible French Art Deco furniture, lighting and objets d'art

There's a reason for the particular range of offerings at Maison Gerard: it focuses on objects the partners enjoy having around them. Benoit F. Drut, managing partner at Maison Gerard, recalls the advice founding partner Gerardus Widdershoven gave him long ago: "Only buy and show what you truly love. You never know — it may sell fast, it may never sell, and then you have to be prepared to live with it, perhaps forever."

Talking Points

Jaimal Odedra bronze Rupi bowl, 2015.

"Some of my favorite pieces are Jaimal Odedra's polished bronze vessels. One of the characteristics of this collection is the use of the traditional Moroccan sand-casting technique while creating very modern and free-form vessels."
