"Grace Raymond—one of my best friends—has always had an affinity for crystals and the properties of stones. "Whether it's an interesting stitch on a dress that inspires a custom piece of upholstery or a surprising combination of colors that hits just the right note, fashion plays a role in almost everything I do," says bicoastal designer **Nicole Fuller**. Known for her confident use of color and an aesthetic that oozes sophisticated glamour, Fuller is currently at work on a variety of projects, including a complete redesign of a Malibu beachfront estate, a hotel conversion in DTLA's Arts District and collaborations with Farrow & Ball, Ann Sacks, Savoir Beds and The Rug Company. "I'm also very excited that my Nicole Fuller Collections furniture line is launching at JF Chen early [this] year," she says. Here, the multihyphenate—who also has pieces in the works for Ralph Pucci—shares what's on her current hit list. —*Laura Eckstein Jones*

"This cabinet is gilded to perfection with stunning curves and a handle inlaid with onyx to give it the right balance of sophistication and glamour." *Silk Gold cabinet*, price upon request, by Achille Salvagni, maisongerard.com
